

**CALL FOR PRE-DOCTORAL STUDENT IN THE FIELD OF BIOMEDICINE,  
BIOTECHNOLOGY, BIOLOGY OR NUTRITION WITH INTEREST IN  
EPIDEMIOLOGY, BIOSTATISTICS AND BIOINFORMATICS AT THE IISPV**

The Institute of Health Pere Virgili (IISPV) is currently looking for a pre-doctoral student who applies for a grant in the field of biomedicine, biotechnology, biology or nutrition with interest in epidemiology, biostatistics and bioinformatics.

The Nutrition and Metabolic Health Research Group (NuMeH) at the IISPV, Spain aims to integrate nutritional, lifestyle and metabolic knowledge for a better understanding of high prevalent and increasing incidence non-communicable diseases such as obesity, type 2 diabetes, cardiovascular diseases, dementia and cancer. The multidisciplinary group encompasses researchers with expertise in nutrition, lifestyle, and multi-omic (metabolomics-microbiota-transcriptomics) research, strong experience in epidemiological, clinical and pharmacological studies, allowing the progress in the knowledge of these diseases with a holistic and an integrative vision, to better identify biomarkers and target molecules useful for the design of preventive and therapeutic strategies in the field of personalized medicine.

The successful candidate must have a Degree in Biomedicine, Biotechnology or biology or nutrition. A final mark above 6.5 is needed. To get the grant, the candidate has to be accepted in a Doctorate Program. Experience in bioinformatics and biostatistics are desirable. Publications, posters, congress attendance and other merits will be also well-considered. Excellent organisation and time-management skills as well as ability to work both independently and as part of a team will be positively evaluated.

Applicants should upload a Letter of Interest, a Curriculum Vitae, and a copy of the Degree's marks to [monica.bullo@urv.cat](mailto:monica.bullo@urv.cat) (att. Monica Bulló, PhD) with the reference **CALL FOR PRE-DOCTORAL STUDENT** before 29<sup>th</sup> of September 2023.
