Asunto: International Funding Opportunities For Biomedical Research - 21st March 2023

NEWSLETTER GO HERO

Tuesday, 21st March 2023

Latest news

- [**Common mistakes to avoid when applying for Horizon Europe funding:**](#) Submitting a project proposal under Horizon Europe is a challenging task that requires careful planning, precise budgeting, and a seamless collaboration with partners.
- [**Horizon Europe guarantee scheme – UK Research and Innovation \(UKRI\) guidance:**](#) Details of the guarantee funding scheme for the first five waves of successful applicants to Horizon Europe.
- [**Horizon Europe opens for New Zealand applications:**](#) The EC has announced that researchers and research institutions based in New Zealand can already participate in the calls and activities of Pillar II.
- [**Become an evaluator of EU research projects:**](#) The EC looks for experts with extensive experience in different thematic areas.
- [**Commission adopts Recommendations on codes of practice for the management of intellectual asset and standardisation:**](#) The

publication of these documents marks a step forward in the implementation of the EC knowledge recovery plan announced in December, and will allow the deployment of new technologies.

SEEKING FOR PARTNERS

In this section you will find collaboration offers or requests posted by different research groups through the Crowdhelix platform. **Before contacting them, you first need to [register your profile](#) in Crowdhelix or reach out through the project managers of your institution.**

Looking for a partner able to provide primary foetal cells

Topic: Endocrine disruptors.

Partner: Zaz Ventures.

Seeking/Offering: Looking for a European partner able to provide primary foetal cells to the consortium. Primarily looking for adipocyte cells but are not close to other primary foetal cell types.

Deadline: 13th April 2023.

Seeking partners for a proposal ' The Silver Deal - Person-centred health and care in European regions'

Topic: Machine Learning.

Partner: Tel Aviv University.

Seeking/Offering: Seeking partners to overcome two critical challenges to overcome: first, to identify the risk factors of fall; second, to establish evidence-based interventions or technological means that will reduce those risk factors, thereby preventing falls.

Deadline: 13th April 2023.

Seeking consortium for 'Tools and technologies for a healthy society' call

Topic: Machine Learning.

Partner: Radboud University.

Seeking/Offering: Offering experience in analyzing images using data unmixing and pattern recognition algorithms as well as developed/updated novel algorithms to analyze different type of chemical data set including images to extract interpretable chemical signatures.

Deadline: 13th April 2023.

RESEARCH PROJECTS

BBRF Young Investigator Grants (extended deadline)

Topic: Mental Health.

Organized by: Brain and Behavior Research Foundation (BBRF).

Destination: The goal of the program is to help researchers launch careers in neuroscience and psychiatry and gather pilot data to apply for larger federal and university grants. All research must be relevant to our understanding, treatment and prevention of

serious psychiatric disorders such as: schizophrenia; bipolar; mood and anxiety disorders or early onset brain and behavior disorders.

Budget: Up to \$35,000/year.

Duration: Up to 2 years.

Deadline: 31st March 2023.

More information: <https://www.bbrfoundation.org/grants-prizes/bbrf-young-investigator-grants>

D-ECCO Research Grant

Topic: Inflammatory Bowel Disease (IBD) or Crohn's disease and/or ulcerative colitis.

Organized by: European Crohn's and Colitis Organisation (ECCO).

Destination: These Grants enhance the opportunity for dietitians to be involved in international research projects. The aim is to engage dietitians who are less experienced in carrying out research, to conduct proper systematic research under the mentorship of a senior researcher.

Budget: €20,000.

Duration: 1 year.

Deadline: 1st May 2023.

More information: <https://www.ecco-ibd.eu/science/fellowships-and-grants.html>

ECCO-IBUS Intestinal Ultrasound Research Grant

Topic: Inflammatory Bowel Disease (IBD) or Crohn's disease and/or ulcerative colitis.

Organized by: European Crohn's and Colitis Organisation (ECCO).

Destination: Support clinical excellence in the investigation of utility of intestinal ultrasound used in the assessment of patients with inflammatory bowel disease. Candidates should be established within clinical units with expertise in inflammatory bowel disease, with established expertise in performance of intestinal ultrasound with routine access to an ultrasound machine.

Budget: €20,000.

Duration: 1 year.

Deadline: 31st October 2023.

More information: <https://www.ecco-ibd.eu/science/fellowships-and-grants.html>

N-ECCO Research Grant

Topic: Inflammatory Bowel Disease (IBD) or Crohn's disease and/or ulcerative colitis.

Organized by: European Crohn's and Colitis Organisation (ECCO).

Destination: These Grants aim to enhance the opportunity for IBD Nurses to be involved in international research projects across Europe. The aim is to engage IBD Nurses who are less experienced in carrying out research, to conduct proper systematic research under the mentorship of a senior researcher.

Budget: €20,000.

Duration: 1 year.

Deadline: 1st May 2023.

More information: <https://www.ecco-ibd.eu/science/fellowships-and-grants.html>

ECCO Grants

Topic: Inflammatory Bowel Disease (IBD) or Crohn's disease and/or ulcerative colitis.

Organized by: European Crohn's and Colitis Organisation (ECCO).

Destination: ECCO offers Research Grants to encourage and support early career individuals and promote innovative scientific research in the area of IBD in Europe.

Budget: €80,000.

Duration: 1 year.

Deadline: 1st May 2023.

More information: <https://www.ecco-ibd.eu/science/fellowships-and-grants.html>

ECCO Pioneer Award

Topic: Inflammatory Bowel Disease (IBD) or Crohn's disease and/or ulcerative colitis.

Organized by: European Crohn's and Colitis Organisation (ECCO).

Destination: ECCO offers Research Awards to encourage and support innovative basic and/or clinical scientific research in the area of IBD across Europe. These Awards are designed to support visionary, interdisciplinary scientific research in IBD.

Budget: €300,000.

Duration: 2 years.

Deadline: 1st May 2023.

More information: <https://www.ecco-ibd.eu/science/fellowships-and-grants.html>

ECCO IIS Registry Grant

Topic: Inflammatory Bowel Disease (IBD) or Crohn's disease and/or ulcerative colitis.

Organized by: European Crohn's and Colitis Organisation (ECCO).

Destination: ECCO offers this Grant to promote innovative scientific research in the area of Inflammatory Bowel Diseases (IBD) in Europe, with a focus on research projects using a registry tool. It is designed to support IBD Research conducted by multicentre study groups. Priority will be given to research projects which include the use of the United Registries for Clinical Assessment and Research.

Budget: €40,000.

Duration: Up to 3 years.

Deadline: 1st May 2023.

More information: <https://www.ecco-ibd.eu/science/fellowships-and-grants.html>

SFARI Human Cognitive and Behavioral Science

Topic: Autism.

Organized by: Simons Foundation Autism Research Initiative (SFARI)

Destination: These grants are intended to produce foundational knowledge about the neurobehavioral differences associated with autism spectrum disorders (ASD). These tracks are offered: Explorer, Expansion and Collaborative.

- **Explorer track:** for early-stage projects where establishing feasibility and proof-of-concept are the most relevant outcomes of the grant period.
 - **Expansion track:** for more mature projects with evidence of feasibility and preliminary validity, for which goals such as scalability, generalizability and/or ecological validity are now the most relevant translational outcomes.
 - **Collaboration track:** for multi-lab, cross-institutional collaborative projects.
-

Budget:

- **Explorer track:** up to \$500,000.
 - **Expansion track:** up to \$900,000.
 - **Collaboration track:** up to \$750,000
-

Duration:

- **Explorer track:** up to 2 years.
 - **Expansion track:** up to 3 years.
-

- **Collaboration track:** up to 3 years.

Deadline: 4th May 2023.

More information: <https://www.sfari.org/grant/human-cognitive-and-behavioral-science-request-for-applications/>

Early Career Grant

Topic: Endocrinology.

Organized by: Society for Endocrinology.

Destination: These grants may be awarded for research to gain preliminary data before applying for other external funding and resources for a small project or to finalise a project.

Budget: £10,000.

Duration: Not indicated.

Deadline: 3rd May 2023.

More information: <https://www.endocrinology.org/grants-and-awards/research-grants/early-career-grant/>

Servier Research Grant

Topic: Hypertension.

Organized by: European Society of Hypertension (ESH)

Destination: The main purpose of the ESH is to provide a stable and organised European platform for scientific exchange in hypertension.

Budget: €30,000.

Duration: 2 years.

Deadline: 15th April 2023.

More information: <https://www.eshonline.org/about-esh/esh-awards/call-for-nominations/>

Key Digital Technologies Calls

Topic: Digital Technologies.

Organized by: Agencia Estatal de Investigación (AEI).

Destination: The call will be co-financed by the European Commission and different national entities, with the participation in the case of Spain of the State Research Agency and Ministry of Economic Affairs and Digital Transformation. The call includes different themes or topics in which the projects will be financed. Among them, we find the following related to the health field:

- [HORIZON-KDT-JU-2023-1-IA-Topic-1](#)
 - [HORIZON-KDT-JU-2023-2-RIA-Topic-1](#)
-

Budget: Up to 500,000 €/partner.

Duration: Not indicated.

Deadline: 3rd May 2023.

More information: <https://www.kdt-ju.europa.eu/calls/kdt-ju-calls-2023>

M-ERA.NET Joint Call

Topic: Technology.

Organized by: Agencia Estatal de Investigación (AEI).

Destination: The aim is to fund ambitious transnational RTD projects addressing materials research and innovation including materials for batteries and low carbon energy technologies. Transnational RTD projects funded will combine materials research with industrial needs by stimulating new products and production processes, and by developing synergies that can be very effective in achieving industrial symbiosis, in particular with the aim of preventing by-products from becoming waste.

Budget: €1,000,000.

Duration: 3 years.

Deadline: 16th May 2023.

More information: <https://www.m-era.net/joint-calls/joint-call-2023>

Neuroendocrine Tumor Grant Opportunities

Topic: Cancer.

Organized by: Neuroendocrine Tumor Research Foundation (NETRF).

Destination: The mission of this grant is to accelerate scientific discovery that will help create new and more effective therapies for Neuroendocrine Tumors. Requests for funding must be aligned with a specific research award.

- [Investigator Award](#)
 - [Pilot Award](#)
 - [Mentored Award](#)
-

Budget: \$90,000-270,000.

Duration: €50,000.

Deadline: 1st May 2023.

More information: <https://netrf.org/for-researchers/about/funding-for-researchers/apply-for-research-grants/>

Project Concepts (Strategic Research Agreement)

Topic: Diabetes.

Organized by: Juvenile Diabetes Research Foundation International (JDRFI).

Destination: JDRF's Strategic Research Agreements provide research funding for single or multiple investigators to address critical gaps and challenges and potential breakthroughs in Type 1 diabetes research.

Budget: Depending on project's needs.

Duration: Depending on project's needs.

Deadline: 3rd May 2023.

More information: <https://grantcenter.jdrf.org/rfa/project-concepts-strategic-research-agreement/>

INTERREG Europe Programme

Topic: Global.

Organized by: European Commission (EC).

Destination: The programme's objective is to enable public authorities and other relevant organisations to actively learn from the experience of other regions. This is a learning process which involves identifying, analysing, and transferring good practices with the aim of improving regional development policy instruments and ultimately delivering solutions that benefit all citizens.

Budget: 80% of budget.

Duration: 4 years.

Deadline: 9th June 2023.

More information: <https://www.interregeurope.eu/next-call-for-projects>

CAREER OPPORTUNITIES

ECCO fellowship

Topic: Inflammatory Bowel Disease (IBD) or Crohn's disease and/or ulcerative colitis.

Organized by: European Crohn's and Colitis Organisation (ECCO).

Destination: ECCO offers Fellowships to encourage and support early career individuals and promote innovative scientific research in the area of IBD in Europe. These fellowships enhance the opportunity for IBD Trainees to work in European centres other than their own.

Budget: €60,000.

Duration: 1 year.

Deadline: 1st May 2023.

More information: <https://www.ecco-ibd.eu/science/fellowships-and-grants.html>

EFIS Short Term Fellowships

Topic: Immunology.

Organized by: European Federation of Immunological Societies (EFIS)

Destination: EFIS and Immunology Letters (IL) award short-term fellowships for purposes of transnational scientific collaboration or advanced training in techniques or methodologies.

Budget: €1,925/month + €500 (travel expenses).

Duration: Up to 3 months.

Deadline: 9th June 2023.

More information: <https://www.efis.org/efis-support/efis-il-fellowships/efis-il-fellowships-short-term-fellowship.html>

Susan Spencer Clinical Research Training Scholarship

Topic: Epilepsy.

Organized by: American Epilepsy Society.

Destination: This award supports clinical research training in the field of epilepsy. It is hoped that this program, targeting clinicians who are fellows or new faculty, will foster the development of clinical care providers interested in pursuing careers in patient-oriented research.

Budget: \$150,000.

Duration: 2 years.

Deadline: 14th September 2023.

More information: <https://www.aan.com/research/susan-s-spencer-md-clinical-training-scholarship/>

Short-Term Invitational Fellowships for Research In Japan

Topic: Life sciences.

Organized by: Japan Society for The Promotion Of Science.

Destination: To invite overseas researchers with excellent records of research achievements for short-term visits to Japan and provide them opportunities for discussions, opinion exchanges, lectures and other activities.

Budget: ¥18.000/day.

Duration: Up to 1 month

Deadline: 2nd May 2023.

More information: <https://www.jsps.go.jp/english/e-inv/how.html>

Postdoctoral Fellowship Japan

Topic: Life sciences.

Organized by: Japan Society for The Promotion Of Science.

Destination: The program provides an opportunity to conduct collaborative research for young overseas researchers under the guidance of their hosts in universities and other research institutions in Japan.

Budget: ¥362,000/month + other costs: ¥200,000.

Duration: 1-2 years.

Deadline: 2nd May 2023.

More information: <https://www.jsps.go.jp/english/e-fellow/application-23.html>

ESCRS Peter Barry Fellowship

Topic: Ophthalmology.

Organized by: European Society of Cataract and Refractive Surgeons (ESCRS).

Destination: The Fellowship will allow a trainee to work abroad at a centre of excellence for clinical experience or research in the field of cataract and refractive surgery, anywhere in the world.

Budget: €60,000.

Duration: 1 year.

Deadline: 2nd May 2023.

More information: <https://www.es CRS.org/education/grants-awards/peter-barry-fellowship/>

AWARDS

Award for Promoting Quality in Research

Topic: Global.

Organized by: Einstein Foundation Berlin.

Destination: This award aims to provide recognition and publicity for outstanding efforts that enhance the rigor, reliability, robustness, and transparency of research in the natural sciences, the social sciences, and the humanities, and stimulate awareness and activities fostering research quality among scientists, institutions, funders, and politicians. There are three categories:

- **Individual Award**
 - **Institutional Award**
 - **Early Career Award.**
-

Budget: €100,000-200,000

Duration: Not indicated.

Deadline: 30th April 2023.

More information: <https://www.einsteinfoundation.de/en/award/>

Eric Kandel Young Neuroscientists Prize

Topic: Neuroscience.

Organized by: Federation of European Neuroscience Societies (FENS).

Destination: The prize was established in order to recognise the work of outstanding young scientists in any field of neuroscience and to help advance their careers as researchers.

Budget: €50,000.

Duration: 2 years.

Deadline: 1st May 2023.

More information: <https://www.ghst.de/en/kandelprize/>

IBRO Early Career Awards

Topic: Neuroscience.

Organized by: International Brain Research Organization (IBRO).

Destination: The purpose of this grant is to support disadvantaged early career principal investigators by providing supplemental laboratory funding. Applicants must have started their first independent research laboratory within the last 5 years.

Budget: Up to €5,000.

Duration: Not indicated.

Deadline: 3rd May 2023.

More information: <https://ibro.org/early-career-awards/>

Nature Awards for Inspiring Women in Science

Topic: Women in Science.

Organized by: Springer Nature Limited.

Destination: The aim of the awards is to celebrate and support the achievements of women in science, and of all those who work to encourage girls and young women to engage with STEM subjects and who work to support women to stay in STEM careers around the world.

Budget: \$50,000.

Duration: Not indicated.

Deadline: 8th May 2023.

More information:

<https://www.nature.com/immersive/inspiringwomeninscience/index.html#section-Home-7J3lG1BBWO>

OTHERS

D-ECCO Travel Award

Topic: Inflammatory Bowel Disease (IBD) or Crohn's disease and/or ulcerative colitis.

Organized by: European Crohn's and Colitis Organisation (ECCO).

Destination: ECCO offers Travel Awards as an opportunity for dietitians in IBD to visit different IBD Centres in Europe, and to observe and learn about diet and nutrition in IBD. Dietitians in IBD have the possibility to: visit a centre in another country or visit a different centre located in their own country.

Budget: €1,500.

Duration: 2 weeks-3 months.

Deadline: 1st May 2023.

More information: <https://www.ecco-ibd.eu/science/fellowships-and-grants.html>

N-ECCO Travel Award

Topic: Inflammatory Bowel Disease (IBD) or Crohn's disease and/or ulcerative colitis.

Organized by: European Crohn's and Colitis Organisation (ECCO).

Destination: ECCO offers these awards as an opportunity for IBD Nurses to visit different IBD Centres in Europe, and to observe and learn from IBD nursing services. They are not designed to support travel to congresses or meetings.

Budget: €1,500.

Duration: 2-5 working days.

Deadline: 1st May 2023.

More information: <https://www.ecco-ibd.eu/science/fellowships-and-grants.html>

ECCO Travel Award

Topic: Inflammatory Bowel Disease (IBD) or Crohn's disease and/or ulcerative colitis.

Organized by: European Crohn's and Colitis Organisation (ECCO).

Destination: ECCO offers these awards as an opportunity for early career investigators to visit different IBD centres in ECCO Member countries, to learn scientific techniques or for clinical observations. They are not designed to support travel to congresses or meetings.

Budget: €1,500.

Duration: Up to 3 months.

Deadline: 1st May 2023.

More information: <https://www.ecco-ibd.eu/science/fellowships-and-grants.html>

ECCO-AOCC Visiting Travel Grant

Topic: Inflammatory Bowel Disease (IBD) or Crohn's disease and/or ulcerative colitis.

Organized by: European Crohn's and Colitis Organisation (ECCO).

Destination: The aim is to offer an opportunity for European investigators to visit IBD Centres in Asia or for Asian investigators to visit an IBD Centre in Europe, to learn about advanced endoscopy related to IBD or for clinical observations as an IBD Specialist. They are not designed to support travel to congresses or meetings.

Budget: €10,000.

Duration: Up to 3 months.

Deadline: 1st May 2023.

More information: <https://www.ecco-ibd.eu/science/fellowships-and-grants.html>

EFIS Meeting support

Topic: Immunology.

Organized by: European Federation of Immunological Societies (EFIS).

Destination: EFIS and the European Journal of Immunology (EJI) offer financial support for immunology-themed meetings, workshops and schools that are organized in Europe and are international in nature.

Budget: Not indicated.

Duration: Not indicated.

Deadline: 9th June 2023.

More information: <https://www.efis.org/efis-support/meeting-support/index.html>

Albert Renold travel fellowships for young scientists

Topic: Diabetes.

Organized by: European Foundation for the Study of Diabetes (EFSD)

Destination: Albert Renold Travel Fellowships enable scientists and clinicians to travel and stay at other institutions in order to learn specific techniques or clinical skills required for the advancement of their diabetes research project and not available at their home institution.

Budget: Up to €8,000.

Duration: Up to 3 months.

Deadline: 1st June 2023.

More information: <http://www.europeandiabetesfoundation.org/workshops/58-european-foundation-study-diabetes-efsd-albert-renold-travel-fellowship-programme.html>

Equipment Grant

Topic: Endocrinology.

Organized by: Society of Endocrinology.

Destination: For members looking to establish a laboratory and purchase vital equipment to further their research. Equipment grants can be awarded for pieces of equipment, part pieces of larger equipment or basic lab items (excluding consumables).

Budget: Up to £10,000.

Duration: Not indicated.

Deadline: 3rd May 2023.

More information: <https://www.endocrinology.org/grants-and-awards/research-grants/equipment-grant/>

TRAINING

Marie Skłodowska-Curie Actions. Research funding

Topic: Marie Skłodowska-Curie Actions (MSCA).

Organized by: European Documentation Centre of Extremadura.

Destination: This meeting has been organized with the aim of publicizing the possibilities of MSCA funding to researchers, professors and students of the University of Extremadura, in collaboration with the Spanish Foundation for Science and Technology (FECYT), the Yuste Foundation and the University of Extremadura.

Date & place: 8th March 2023 - online.

Registration: https://unex-es.zoom.us/webinar/register/WN_ncg_YbtrRPSfyQKCuPQ7mQ
