Latest news

- ISCIH presents the [Funding Opportunities in the Field of Biomedicine and Health In 2024 Horizon Europe](#). You can find the webinar in their YouTube Channel.
- [Preliminary Announcement for the Joint Transnational Call \(JTC\) 2024. Identification or Validation of Targets for Personalised Medicine](#)

Approaches (PMTargets). The **European Partnership for Personalised Medicine**, EP PerMed (supported by the European Union under Horizon Europe, Grant Agreement N° 101137129), is a platform for joint programming of national and European regional research and innovation supporting activities putting into action [The Strategic Research & Innovation Agenda \(SRIA\) for Personalised Medicine \(2023\)](#), SRIA for PM (2023), through dedicated research, development and innovation funding.

SEEKING FOR PARTNERS

In this section you will find collaboration offers or requests posted by different research groups through the Crowdhelix platform. **Before contacting them, you first need to [register your profile](#) in Crowdhelix or reach out through the project managers of your institution.**

Seeking to join a consortium for HORIZON-HLTH-2024-STAYHLTH-01-05-two stage: Personalised prevention of noncommunicable diseases

Topic: Health

Partner: NTNU

Seeking/Offering: Our overarching aim is to investigate the relationships of microbiota and metabolites in saliva with oral and general health (non-communicable diseases) in The HUNT Study (The Trøndelag Study in Norway). Specifically, we aim to develop

prediction models for cancers and other non-communicable diseases with oral microbiota and metabolites using advanced tools.

Deadline: 11th April 2024

**Seeking consortium-HORIZON-HLTH-2024-DISEASE-08-20:
Pandemic preparedness and response: Host-pathogen
interactions of infectious diseases**

Topic: Health, COVID-19

Partner: LEITAT Technological Center

Seeking/Offering: At Leitat, we are seeking to join a consortium for participation in the call HORIZON-HLTH-2024-DISEASE-08-20: Pandemic preparedness and response: Host-pathogen interactions of infectious diseases with epidemic potential

Deadline: 11th April 2024

RESEARCH PROJECTS

Young Investigator Award

Topic: Cancer

Organized by: ASCO Foundation

Destination: Provides funding to promising investigators to encourage and promote quality research in clinical oncology. Applicants must be ASCO members.

Budget: \$50.000

Duration: one year

Deadline: Different deadlines depending on the area: 31st January 2024–14th March 2024

[More information](#)

Research Grants

Topic: Neuromuscular Diseases

Organized by: Muscular Dystrophy Association

Destination: Awards grants to the world's best scientists investigating promising theories and therapies that may accelerate treatments and cures for families living with muscular dystrophy, ALS and related neuromuscular diseases.

Budget: up to \$100.000

Duration: 3 years

Deadline: 26th January 2024

[More information](#)

Research Grants

Topic: Endocrinology

Organized by: Society for Endocrinology

Destination: The Society offers small grants and grants-in-aid to support members with any aspect of research and audit costs (except salary and institutional overheads). A non-exclusive list of examples, would include consumables, equipment, service provision, data analysis, facility access, seed funding for pilot studies or to complete projects. These grants are particularly suitable for supporting unanticipated costs to complete a PhD or Early Career Researcher (ECR) project or for enabling the collection of preliminary data to leverage funding from national funding bodies.

Budget: up to €25.000 per year

Deadline: 17th January 2024

[More information](#)

Development of Interventions to Modulate Immune Cell Trafficking in TD1

Topic: Immunology

Organized by: JDRF

Destination: Aims to accelerate the identification and validation of reagents that promote immune rebalance and the protection of beta cell function through modulating the trafficking of immune cells to the pancreatic islets.

Budget: up to \$900.000 (including 10% indirect costs)

Duration: 3 years

Deadline: 17th January 2024

[More information](#)

Innovative Awards

Topic: Diabetes

Organized by: JDRF

Destination: Supports with seed funding highly innovative, high risk, high reward research with significant potential to accelerate the fight against type 1 diabetes (T1D).

Budget: Up to €200.000

Duration: One year

Deadline: 25th January 2024

[More information](#)

Collaborative Research in Computational Neuroscience (CRCNS)

Topic: Nervous System

Organized by: NSF/AEI

Destination: Supports collaborative activities that will accelerate the understanding of nervous system structure and function, mechanisms underlying nervous system disorders, and computational strategies used by the nervous system.

Budget: AEI funds €200.000 direct costs per partner per proposal.

Duration: three to five years

Deadline: 7th March 2024

[More information](#)

CAREER OPPORTUNITIES

Travel Fellowships

Topic: Mobility

Organized by: European Association of Cancer Research

Destination: Provides travel fellowships to EACR members for a short-term visit to a lab or research group in another country. Applicants must be EACR members.

Budget: up to €3,000

Duration: two weeks and three months

Deadline: at least 8 weeks before the start of the trip

[More information](#)

Clinical Unit Visits

Topic: Mobility

Organized by: ESMO

Destination: Offers young oncologists the opportunity to gain insight into clinical research at a leading European centre of excellence. Only for ESMO members.

Budget: €6.000

Duration: 8 weeks

Deadline: 21st January 2024

[More information](#)

AWARDS

Alba-FKNE Diversity Prize in Neuroscience

Topic: Neuroscience

Organized by: Alba Network

Destination: To active research groups involved in basic or clinical research which has led to a major breakthrough in the understanding and/or the preservation of vision. The award also recognizes groups that have developed innovations or new technologies with impact on the quality of life of the blind and visually impaired, and which can be accessed by people in the developing world.

Budget: €1,000,000

Deadline: 31st December 2023

[More information](#)

Leo Foundation Award

Topic: Skin Diseases

Organized by: Leo Foundation

Destination: The LEO Foundation Awards recognize outstanding young researchers and scientists from around the world whose work represents an extraordinary contribution to skin research and has the potential to pave the way for new and improved treatments for skin diseases.

Budget: USD 100,000

Deadline: 2nd April 2024

[More information](#)

OTHERS

InnovaHeart 2nd Edition

Topic: Innovation

Organized by: InnovaHeart

Destination: InnovaHeart 2024 aims to gather cardiovascular modelling experts from academia, industry, regulatory and notified bodies, to discuss advancements and outstanding issues of modelling and simulation in cardiovascular medicine.

Date and place: Leuven, Belgium, 6-7th February 2024

[More information](#)

European Innovation Council

Topic: Innovation

Organized by: Hub.brussels

Destination: The **European Innovation Council (EIC) Work Programme 2024** will be presented in this full-day dedicated to potential applicants, together with an overview of the achievements under the previous work programmes

Date and place: online event on 15th January 2024

[More information](#)

TRAINING

EACR-EMBO Commercialising your Research: What's involve?

Topic: Cancer

Organized by: European Association for Cancer Research

Destination: The EACR, in partnership with EMBO, launches a new virtual conference for those working in cancer research in an academic environment who are considering at some point in the future taking their research private by starting their own company. Wherever you are in your academic career, if you think you might like to commercialise your research in the future, then this conference is for you!

Date and place: 30th -31st January 2024, Online. Registration open until 15th January 2023

[Registration](#)

IHI Calls Days - calls 6&7

Topic: Innovation

Organized by: Innovative Health Initiative

Destination: The IHI Call Days are held online and include **info sessions** on all aspects of the call and **pitching sessions** to help with the identification of partners and the creation of consortia.

Date and place: 10th - 25th January 2024 Online

Registration
