Latest news

- **EU4HEALTH 2023 Call for Proposals for the Funding of Health R&I Projects.**
Yesterday, 15th June, the call for projects of the EU4Health programme opened, through which projects and coordination actions will be funded in four areas of action: Preparedness for future health crises, Disease prevention, Strengthening health systems and their workers, and Digitalisation. In order to explain the characteristics of the new topics, the information session "[EU4Health 2023 Work](#)

Programme - Information Session open calls for action grants" will be held on 30 June.

- Deadline for applications is on 17th October 2023.

SEEKING FOR PARTNERS

In this section you will find collaboration offers or requests posted by different research groups through the Crowdhelix platform. **Before contacting them, you first need to [register your profile](#) in Crowdhelix or reach out through the project managers of your institution.**

Seeking international partners for upcoming Call on NCDs

Topic: Health

Partner: KPMG Portugal

Seeking/Offering: We are looking for international partners to join our consortium for the "Personalised prevention of non-communicable diseases - addressing areas of unmet needs using multiple data sources" call.

Deadline: 19th September 2023.

Offering expertise for TRANSCAN-3 "Translational research on cancer epigenetics"

Topic: Health, Cancer

Partner: Università degli Studi di Milano

Seeking/Offering: We are interested in the TRANSCAN-3 transnational call (JTC 2023) “Translational research on cancer epigenetics”. The expected outcome of the call is to improve the efficacy of current detection, diagnosis, prognosis and treatment of cancers, through the development of novel approaches based on a better understanding of cancer epigenetics.

Deadline: 21th July 2023.

RESEARCH PROJECTS

Friedreich's Ataxia Research Alliance

Topic: Health

Organized by: Friedreich's Ataxia Research Alliance

Destination: Grants for the funding of research projects on Friedreich's Ataxia, carried out in public or private, profit or non-profit institutions worldwide:

- **Postdoctoral Research Award 2023:** For projects led by researchers with at least 18 months of postdoctoral training (and within seven years of obtaining their PhD degree) working under the supervision of a tutor.
 - **General Research Grant 2023:** For translational, clinical or pre-clinical research projects.
-

Budget:

- **Postdoctoral Research Award 2023:** 100.000\$/year
 - **General Research Grant 2023:** 125.000\$/year.
-

Duration: one or two years

Deadline: 15th August 2023

Global Team Science Award 2023

Topic: Lupus

Organized by: Lupus Research Alliance

Destination: Support for the funding of a research project that brings together the latest advances in basic and clinical research, care and treatment of lupus.

Budget: 3.000.000\$

Duration: three years

Deadline: 17th August 2023

Conquer Cancer Award 2023

Topic: Health

Organized by: Concern Foundation

Destination: Call for projects on cancer genetics, biology or immunology, carried out by researchers from any country who are in the early stages of their careers as independent researchers

Budget: 75.000\$/year

Duration: maximum two years

Deadline: 31st July 2023

[More information](#)

CAREER OPPORTUNITIES

Postdoctoral Research Fellowship 2023

Topic: Multiple Sclerosis

Organized by: National Multiple Sclerosis Society

Destination: The grant will fund researchers of any nationality, with three years or less of postdoctoral experience, who wish to undertake postdoctoral training in multiple sclerosis-related studies at a centre in the United States, or US researchers, of the same nationality, who wish to undertake training at a centre anywhere in the world.

Budget: minimum 59.308\$/year

Duration: maximum three years

Deadline: 9th August 2023

information](#)

Travelling Fellowships 2023

Topic: Biology

Organized by: The Company of Biologists

Destination: Mobility grants aimed at postgraduate students and postdoctoral researchers who wish to make collaborative visits to other laboratories. The destination laboratories and the work to be carried out must be related to the topics of one of the journals of the organising company: development, cell biology, experimental biology and models of diseases and mechanisms.

Budget: up to 3.000£

Duration: maximum three months

Deadline: 11th August 2023

[More information](#)

Research Visit Grants 2023

Topic: Neuroendocrinology

Organized by: British Society for Neuroendocrinology

Destination: To support travel and accommodation (not subsistence) for neuroendocrinologists visiting research labs in the UK, Europe or the rest of the world in order to learn a technique or to carry out experiments essential to their project, aimed at BSN members with at least six months' seniority.

Budget: 5.000£

Deadline: 1st September 2023

[More information](#)

FENS/IBRO-PERC Exchange Fellowships Programme

Topic: Neuroscience

Organized by: Federation of European Neuroscience Societies

Destination: Aims to foster and broaden the scope of their methodological training by supporting goal-directed laboratory visits in established European laboratories.

Budget: 4.000€

Duration: minimum of 4 weeks, and maximum of 3 months

Deadline: 15th October 2023

[More information](#)

AWARDS

Biostatistics/Informatics Junior Faculty Award 2023

Topic: Multiple Sclerosis

Organized by: National Multiple Sclerosis Society

Destination: This award will allow researchers who have obtained a PhD degree related to biostatistics, data science or computer science within the last five years to collaborate with an established research group in the field of Multiple Sclerosis.

Budget: The grant will provide three years of partial salary or equivalent support (25-50% of salary), as well as support for access to datasets (maximum \$20,000/year) and funding for attendance at related events (maximum \$3,000/year).

Deadline: 9th August 2023

[More information](#)

OTHERS

Scientific Meeting Grants 2023

Topic: Biology

Organized by: The Company of Biologist

Destination: Support for groups wishing to organize a face-to-face or online event (meetings, workshops or conferences) in an area of research related to one of The Company of Biologist journals

(Development, Cell Biology, Experimental Biology, Disease Models and Mechanisms and Open Biology).

Budget: 400-6.000€/ proposal

Deadline: 4th August 2023
