**De:** Unitat De Projectes Internacionals  
**Enviado el:** miércoles, 31 de mayo de 2023 11:41  
**Para:** Unitat De Projectes Internacionals  
**Asunto:** International Funding Opportunities For Biomedical Research 🇪🇺 - 31st May 2023

[Fes click aquí si no pots veure aquest email.](#)

Wednesday, 31st May 2023

### Latest news

- [The Horizon Europe Strategic Plan 2025-2027 analysis is now public.](#) The analysis is the result of a co-creation process between the internal services of the European Commission and the EU Member States. It will serve as common analytical foundation for development of the next Horizon Europe Strategic Plan and as support for the

Commission to prepare for the last two years of the Research and Innovation (R&I) Framework Programme (2025-2027).

- Do not miss next 1st June 2023 the [Horizon Europe Info Day - Cluster 1 Health](#), with information about topics included in the Cluster 1 "Health" work programme of 2024 and the open calls.
- The AGAUR Support for European Projects (SPEI) team has prepared a [calendar](#) that provides an overview of the upcoming Horizon Europe funding opportunities.
- [MSCA: Commission launches 434.8M euros call to train PhDs](#). The money will fund international doctoral programmes, including industrial doctorates, which allows researchers in training to gain experience in industry and the public sector, as well as joint doctorates that lead to multiple degrees. The call will close on 28 November 2023, with first projects to start in summer 2024.

## SEEKING FOR PARTNERS

In this section you will find collaboration offers or requests posted by different research groups through the Crowdhelix platform. **Before contacting them, you first need to [register your profile](#) in Crowdhelix or reach out through the project managers of your institution.**

---

### Offering expertise for TRANSCAN-3 "Translational research on cancer epigenetics"

**Topic:** TRANSCAN-3, cancer epigenetics

---

**Partner:** Università degli Studi di Milano

---

**Seeking/Offering:** Dr. Carlo Matera at the Department of Pharmaceutical Sciences of the University of Milan is looking for a consortium in which their experience in the design and synthesis of bioactive small molecules (e.g. targeted protein degraders (e.g., PROTACs) or photoswitchable anticancer drugs) will be useful to the project.

---

**Deadline:** 21st July 2023.

### Seeking consortium for Health call "Towards a holistic support to children and adolescents' health and care provisions"

**Topic:** HORIZON-HLTH-2024-STAYHLTH-01-02-two-stage

---

**Partner:** DrEAMS Funding Consultancy

---

**Seeking/Offering:** Professor highly experienced in digital and blended lifestyle interventions specifically targeting couples around families and young families to provide a healthy start to our new-borns. Please, contact Dr. Ellen Schenk for more information.

---

**Deadline:** 19th September 2023.

---

### Seeking consortium for "The role of environmental pollution in non-communicable diseases" call

**Topic:** HORIZON-HLTH-2024-ENVHLTH-02-06-two-stage

---

**Partner:** Politecnico di Milano

---

**Seeking/Offering:** Alfonso Gautieri is looking to join a consortium for the "The role of environmental pollution in non-communicable diseases air, noise and light and hazardous waste pollution" call. We are experts in biomolecular simulations and in silico investigation of nanoplastic-biomolecule interactions.

---

**Deadline:** 19th September 2023.

---

# RESEARCH PROJECTS

## JDRF International Early-Career Patient-oriented Diabetes Research Awards 2023

**Topic:** Diabetes

---

**Organized by:** Juvenile Diabetes Research Foundation (JDRF)

---

**Destination:** Designed to provide crucial support to investigators who plan to pursue a career in diabetes-related clinical investigation. Awards are made in the later stages of training and include the ability for recipients to transition to independent faculty or research appointments. The Award is intended for clinical researchers at a relatively early stage of their independent career.

---

**Budget:** up to 200.000\$/year.

---

**Duration:** up to 5 years.

---

**Deadline:** 6th July 2023.

---

[More information](#)

---

## Deep Tissue Imaging 2023

---

**Topic: Deep Tissue Imaging**

---

**Organized by:** Chan Zuckerberg Initiative (CZI)

---

**Destination:** To gain a deeper mechanistic understanding of biological systems, CZI's Imaging program aims to visualize and measure them across biological scales and in their biological context. It seeks to drive development of imaging technology focused on obtaining cellular resolution readouts within complex living organisms. This grant program will advance the field of deep tissue imaging, which aims to obtain cellular resolution in complex tissue and through skin and bone.

---

**Budget:** While an upper budget limit has not been set, requests larger than \$2.5 million USD total costs will receive additional scrutiny, and may undergo additional budget adjustments.

---

**Duration:** 4 years

---

**Deadline:** 11th July 2023.

---

[More information](#)

---

**PRE-CLINICAL & CLINICAL THERAPEUTICS PIPELINE  
PROGRAM 2023-4**

---

**Topic: Parkinson**

---

**Organized by:** Michael J. Fox Foundation for Parkinson's Research

---

**Destination:** This program seeks to accelerate pre-clinical and clinical therapeutic development of interventions that may reduce, slow or prevent disabling motor or non-motor symptoms of Parkinson's disease not well managed by current treatments.

Funding will support projects aimed at:

- **Pre-Clinical:** Identifying, validating and/or developing novel pharmacological and non-pharmacological interventions through pre-clinical development from early screening to pre-clinical characterization and testing.
  - **Clinical:** Progressing promising interventions with strong preclinical packages into/through initial clinical assessment exploring pharmacokinetics and pharmacodynamics, safety/tolerability, or early proof of clinical efficacy.
- 

**Budget:** 250.000\$ to 2.000.000\$

---

**Duration:** 1 to 2 years for pre-clinical programs and 2 to 3 years for clinical programs

---

**Deadline:** 27th July 2023.

---

[More information](#)

---

---

## EIC TRANSITION 2023

**Topic:** HORIZON-EIC-2023-TRANSITION-01

---

**Organized by:** European Commission

---

**Destination:** EIC Transition funds innovation activities that go beyond the experimental proof of principle in laboratory. It supports both the maturation and validation of your novel technology from the lab to the relevant application environments as well as explorations and development of a sustainable business case and business model towards commercialisation. Your proposed activities must include further technology development on the results achieved in a previous project (e.g. EIC Pathfinder, FET Flagships calls or ERC Proof of Concept)

---

**Budget:** 500.000€ to 2.500.000€ /project

---

**Duration:** between 1-3 years

---

**Deadline:** 27th September 2023.

---

[More information](#)

---

## EIC TRANSITION CHALLENGES 2023

**Topic:** HORIZON-EIC-2023-TRANSITION-01

---

---

**Organized by:** European Commission

---

**Destination:** The scope of the Challenge is the maturation of Micro-Nano-Bio technologies developed in previous EU-funded projects to enable their transition to market, and the creation of the business plans to guide their next steps. Several challenges have been set up; for example in the health field: "EIC Transition Challenge: Full scale Micro-Nano-Bio devices for medical and medical research applications"

---

**Budget:** 500.000€ to 2.500.000€

---

**Duration:** between 1-3 years

---

**Deadline:** 27th September 2023.

---

[More information](#)

---

## Collaborative Pairs Pilot Project Awards 2023

**Topic:** Neurodegenerative disease

---

**Organized by:** Chan Zuckerberg Initiative (CZI)

---

---

**Destination:** These grant awards support pairs of investigators and their teams to explore innovative, interdisciplinary approaches to address critical challenges in the fields of neurodegenerative disease and fundamental neuroscience. Awards are \$200,000 in total costs per collaborating pair for a period of 18 months, after which successful projects will be eligible to apply for additional four-year acceleration grants that build on pilot phase studies

---

**Budget:** 200.000\$

---

**Duration:** 18 months

---

**Deadline:** 22nd June 2023 (LOI)

---

[More information](#)

---

## REAL-LIFE TRIAL IN ONCOLOGY PROGRAMME 2023

**Topic:** Oncology

---

**Organized by:** Gustave Roussy Foundation and CRIS Cancer Foundation.

---

**Destination:** The purpose is to fund trials led by a pair of principal investigators (one in France and one in Spain). The maximum amount to be funded per call is 1.5 M, 500.000€ annually for 3 years. The programme invites applications from all specialist physicians who have a transformative clinical trial proposal and look for co-investigators in France or Spain to develop the trial.

---

---

**Budget:** 500.000€/year

---

**Duration:** 3 years

---

**Deadline:** 7th July 2023.

---

[More information](#)

---

## General Request for Proposals (ADDF)

**Topic:** Alzheimer

---

**Organized by:** ALZHEIMER'S DRUG DISCOVERY FOUNDATION (ADDF)

---

**Destination:** The ADDF provides funding to academic centers and biotechs from around the world that are advancing therapeutic and biomarker development for Alzheimer's and related dementias. There are 3 funding mechanisms:

- Drug Development RFP
  - Neuroimaging and CSF Biomarker Development RFP
  - Prevention Pipeline RFP
- 

**Budget:**

---

- Drug development: Up to \$5,000,000 based on stage and scope of research.
- Neuroimaging and CSF biomarker development program: up to \$600,000
- Prevention pipeline: Up to \$5,000,000 for clinical trials based on stage and scope of research

---

**Duration:** Applications are reviewed throughout the year

---

**Deadline:** 29th September 2023 (LOI).

---

[More information](#)

---

## Pfizer Research Grant RFP Ulcerative Colitis (UC) Research

**Topic:** Ulcerative Colitis (UC)

---

**Organized by:** PFIZER

---

**Destination:** The principal aim of this grant program is to support global research that advances the role of Sphingosine-1-phosphate (S1P) receptor modulation in the treatment of Ulcerative Colitis (UC).

---

**Budget:** up to 200.000\$

---

**Duration:** up to 18 months

---

---

**Deadline:** 12th September 2023.

---

[More information](#)

---

## Career Developments Awards (JDRF)

**Topic:** Diabetis

---

**Organized by:** JUVENILE DIABETES RESEARCH FOUNDATION (JDRF)

---

**Destination:** The primary purpose of the Career Development Award is to attract qualified and promising scientists early in their faculty careers and to give them the opportunity to establish themselves in areas that reflect the JDRF research emphasis areas. In the five-year term of the award, awardees will focus their research efforts on a subject directly related to JDRF mission goals and research priorities, and position themselves to work at the leading edge of type 1 diabetes research.

---

**Budget:** up to 200.000\$/year

---

**Duration:** up to 5 years

---

**Deadline:** 6th July 2023

---

[More information](#)

## CAREER OPPORTUNITIES

### Postdoctoral Fellowships 2023

**Topic:** Diabetes.

**Organized by:** Juvenile Diabetes Research Foundation (JDRF)

**Destination:** Postdoctoral fellowships are designed to attract qualified, promising scientists entering their professional career in the T1D research field. The applicant is required to work with a sponsor who can provide a training environment conducive to beginning a career in type 1 diabetes-relevant research. The most recent doctoral degree (PhD, MD, DMD, DVM, or equivalent) will have been received no more than 5 years before the application is submitted.

**Budget:** Total dollar amount varies based on years of relevant experience

**Duration:** 3 years

**Deadline:** 6th July 2023.

[More information](#)

---

## Advanced Postdoctoral Fellowships 2023

**Topic:** Diabetes.

---

**Organized by:** Juvenile Diabetes Research Foundation (JDRF)

---

**Destination:** The Advanced Postdoctoral Fellowship program is designed to attract qualified and promising health scientists, to provide an opportunity to receive full time research training, and to assist these promising individuals in transitioning from a fellowship to an independent (faculty-level) position. Generally, the most recent doctoral degree (PhD, MD, DMD, DVM, or equivalent) will have been received no more than 6 years before the application is submitted.

---

**Budget:** up to 95.000\$/year

---

**Duration:** 3 years

---

**Deadline:** 6th July 2023.

---

[More information](#)

---

---

## MENTOR-BASED POSTDOCTORAL FELLOWSHIP IN REHABILITATION RESEARCH 2023

**Topic:** Multiple Sclerosis (MS)

---

**Organized by:** NATIONAL MULTIPLE SCLEROSIS SOCIETY

---

**Destination:** As part of its overarching goals of stopping MS progression, restoring function, and ending MS forever, the National MS Society welcomes applications for support of mentors and institutions that provide training of postdoctoral fellows in MS research related to rehabilitation. This program provides support for a mentor-institution combination which is responsible for the recruitment, selection, and training of postdoctoral fellows to pursue a career in rehabilitation research applied to MS and similar disorders.

---

**Budget:** personal costs, training and travel

---

**Duration:** 5 years

---

**Deadline:** 26th July 2023 (pre-proposal).

---

[More information](#)

ESMO RESEARCH FELLOWSHIPS

---

## Topic: Oncology

---

**Organized by:** ESMO

---

**Destination:** The ESMO Leadership Development Committee will select the type of fellowship (translational or clinical) based on the submitted project. Depending on the focus of the fellowship young oncologists are offered the following research experience:

**-Translational:** Comprehensive bench-to-bedside training providing the opportunity to learn about the latest developments in translational cancer research. European centres of excellence serve as host institutes providing the necessary support to develop specific high-quality translational research projects in oncology and helps fellows gain valuable international experience.

**-Clinical:** Offering valuable training in clinical research in renowned European cancer centres and supports efforts to expand professional networks through collaboration with institutions of excellence. The fellowship provides the necessary support to develop clinical research projects and the opportunity to further enhance professional skills and competencies in oncology.

---

**Budget:** The fellow will receive 50,000€ for a one-year project. The host institutes will receive 1,000€ to cover administration costs.

---

**Duration:** 1 year (extension possible for a second year)

---

**Deadline:** 19th June 2023.

---

[More information](#)

---

## AACR-Lung Cancer Initiative at Johnson & Johnson Stimulating Therapeutic Advances Through Research Training (START) Grant

**Topic:** Lung cancer

---

**Organized by:** AMERICAN ASSOCIATION FOR CANCER RESEARCH (AACR)

---

**Destination:** These grants, which will provide support to postdoctoral or clinical research fellows who are females or are from underrepresented groups, combine research experiences in both academic and industry settings, following a research timeline that will be of greatest benefit to the proposed work. Proposals focused on mechanisms linking immunogenic cell death pathways to amplification of innate and adaptive immunity, immunobiology of non-small cell lung cancers, and mechanisms of acquired resistance to immunotherapies are highly encouraged.

---

**Budget:** 225.000\$

---

**Duration:** 3 years

---

**Deadline:** 21st June 2023.

---

[More information](#)

**AWARDS** 

## E.W. AI THRASHER AWARDS 2023

**Topic:** Pediatrics

---

**Organized by:** THRASHER RESEARCH FUND

---

**Destination:** E.W. "AI" Thrasher Awards focus on projects that are changing pediatric clinical care. Each award is a novel approach to problems plaguing pediatrics. The award is open to

---

applications focusing on any disease or topic within the umbrella of pediatrics, both in and outside the United States.

---

**Budget:** up to 550.000\$

---

**Duration:** up to 3 years.

---

**Deadline:** 18th July 2023.

---

[More information](#)

---

## Roger de Spoelberch Prize on Neurodegenerative Diseases and Psychiatric Disorders

**Topic:** Neurodegenerative diseases and psychiatric disorders

---

**Organized by:** Fondation Roger de Spoelberch

---

**Destination:** The Roger de Spoelberch Prize is awarded to a winner for a clinical and basic scientific research project in the area of neurodegenerative diseases and psychiatric disorders.

---

**Budget:** Until otherwise decided by the Foundation Board, the value of the Prize is fixed at 750,000 euros, at least two-thirds of which must be used for the costs of developing the

---

research that is the purpose of the Prize, with the balance potentially being awarded to the individual Winner in person.

---

**Deadline:** 30th June 2023

---

[More information](#)

## OTHERS

### Commission Expert Group (EG) on the Interim Evaluation of Horizon Europe

**Topic:** Horizon Europe

---

**Organized by:** The Directorate-General for Research and Innovation of the European Commission (RTD - DG)

---

**Destination:** Provide an independent, external perspective on the Framework Programme evaluation. The EG will draw up, in a report, strategic recommendations on maximising the impact of EU Research and Innovation programmes in the future. The group will base its report on the Horizon Europe interim evaluation and Horizon 2020 ex-post evaluation findings and conclusions, and the results of a European foresight exercise for future Research and Innovation policy.

---

---

**Deadline:** 20th June 2023

---

[More information](#)

---

### Lymph&Co Initiation Grant

**Topic:** Malignant lymphoma, malignant lymphoid neoplasia and related malignant blood diseases

---

**Organized by:** THE LYMPH&CO FOUNDATION

---

**Destination:** Support for the initiation of multidisciplinary consortia working on (therapeutics of) malignant lymphoma, malignant lymphoid neoplasia and related malignant blood diseases (particularly lymphoid disorders). The grant will cover costs for the organization of an international meeting to initiate the consortium. Budget: maximum of 15.000€ . Funding is a one-time support per consortium.

---

**Deadline:** Grant applications can be submitted continuously.

---

# TRAINING

## Clinical Research Training in Hematology 2023

**Topic: Hematology**

---

**Organized by:** EUROPEAN HEMATOLOGY ASSOCIATION (EHA)

---

**Destination:** Clinical Research Training in Hematology (CRTH) provides early-career researchers with a unique, 9-month long training and mentoring experience. CRTH is a program designed and run by the EHA and is focused on clinical research in Europe, with a global scope. After participating in CRTH, you have improved your skills and knowledge to benefit your work and career in clinical science.

---

**Date & Place:** Deadline to apply: **18th July 2023**

CRTH 2024 timeline is as follows:

- **Workshop 1:** Wednesday, February 7 – Saturday, February 10, 2024
- **EHA2024 Congress:** Thursday, June 13 – Monday, June 16, 2024 (with the CRTH class meeting prior to the Congress on Tuesday, June 11, 2024)
- **Workshop 2:** Wednesday, September 4, 2024 - Saturday, September 7, 2024

Attendance of the whole program (3 meetings) is mandatory.

## Participation of hospital foundations, lump sums and blind evaluation in Horizon Europe

**Topic:** Horizon Europe

---

**Organized by:** Research and Contracts Office del Instituto Hospital del Mar de Investigaciones Médicas (IMIM).

---

**Destination:** This informative session will address what is currently known about two significant changes in Horizon Europe: the lump sums and the blind evaluation.

---

**Date & Place:** Deadline for registration: **1st June 2023**

The event will take place on 14th June 2023. Hybrid format: Sala Josep Marull (Dr. Aiguader, 80, Barcelona) or online.

---

[Registration](#)

---

## Horizon Europe ERC StG 2024 call

**Topic:** ERC Starting Grants

---

**Organized by:** Yellow Research

---

---

**Destination:** The deadline for ERC StG proposal call 2024 submission is expected in October 2023. Our two-part webinar provides a roadmap to submission tackling various hurdles PIs may encounter in writing their ERC grant proposals: the first webinar will focus on creating the right mindset for submitting a proposal, covering the ERC objectives and evaluation criteria, what the panels expect, how to strategically approach the design of the project, and how to generate the convincing scientific argumentation that will allow the reviewers to understand the feasibility of your ambitious project; the second webinar will guide the participants systematically through the different parts of the proposal template, addressing the key elements for writing the grant proposal.

---

**Date & Place:** 29th June 2023 (online)  
Session 1: 10:00 - 12:30 (CET)  
Session 2: 13:30 - 16:00 (CET)

---

[Registration](#)

---

## Info Day about the ERC Work Programme 2024

**Topic:** ERC Grants

---

**Organized by:** MICINN - FECYT

---

**Destination:** The objective of this event is to present the news foreseen in the ERC Work Programme 2024.

---

**Date & Place:** 5th June 2023 in Madrid

---

---

[Registration](#)

---

## Info Day about MSCA Doctoral Networks 2023

**Topic:** MSCA DN

---

**Organized by:** European Commission

---

**Destination:** This is an information event for the MSCA-DN-2023 call which has opened on 30 May 2023.

---

**Date & Place:** 14th June 2023, from 9:30 CEST to 17:00 CEST

---

[Registration](#)

---

---

## Lump Sum model in Horizon Europe

**Topic:** Lump Sum

---

**Organized by:** CDTI

---

**Destination:** NCPs for legal and financial issues of Horizon Europe, together with various participants in lump sum projects and the European Commission, will explain the latest news and answer all questions related to the preparation of proposals and the implementation of this type of project.

---

**Date & Place:** 29th June 2023

Hybrid format: Salón de Actos del Ministerio de Ciencia eInnovación (P.º de la Castellana, 162, Madrid) or online

---
