Latest news

- [**MSCA Doctoral Networks 2023 receives 1,066 proposals.**](#) This year's MSCA Doctoral Networks call has attracted considerable interest from the research community, with 1,066 proposals submitted.
- [**Consolidator Grants: ERC unleashes €627m in grants to fuel excellent research across Europe.**](#) Out of 2,130 candidates, the

European Research Council (ERC) has selected 308 researchers for this year's Consolidator Grants. The funding will support excellent scientists and scholars at the career stage where they may still be consolidating their own independent research teams to pursue their most promising scientific ideas. Worth in total €627 million, the grants are part of the EU's Horizon Europe programme.

SEEKING FOR PARTNERS

In this section you will find collaboration offers or requests posted by different research groups through the Crowdhelix platform. **Before contacting them, you first need to [register your profile](#) in Crowdhelix or reach out through the project managers of your institution.**

Seeking project partners to join consortium for HORIZON-MSCA-2023-SE-01-01 Staff Exchange call

Topic: Health

Partner: Izmir Institute of Technology

Seeking/Offering: We are aiming to submit a proposal on enhancing research ecosystems and education atmosphere based on international accreditation processes and project management. Our consortium is looking for higher education institutions which are willing to apply international accreditation processes and/or expert on project management models and systems.

Deadline: 28th February 2023

Medical Use-Case Owner Partner Sough for HORIZON-CL4-2024-TWIN-TRANSITION-01-05 Call

Topic: Medical Applications

Partner: Sabanci University

Seeking/Offering: The aim of the project is to develop a software platform to increase the sustainability and circularity of additive manufacturing process chain. In the project, LBPF, DED, Molten metal type AM processes alongside with machining will be targeted. We are in need of a use case provider in medical application of metal additive manufacturing (Laser Powder Bed Fusion or similar) for our consortium. Use case ownership & end user in medical implant/prosthetics design & manufacturing is expected.

Deadline: 7th February 2024

RESEARCH PROJECTS

Untangling Addiction - WellcomeLeap

Topic: Neurobiology

Organized by: Leap

Destination: Aims to identify biomarkers that can be detected through non-invasive or minimally invasive methods to facilitate quantitative assessment of the fundamental changes and neurobiological underpinnings of drug abuse and, ultimately, to demonstrate increased efficacy of prevention and treatment approaches using these quantitative methods.

Budget: 50M\$

Duration: 3 years

Deadline: 21st December 2023

[More information](#)

Research Grants

Topic: Dermatology

Organized by: Leo Foundation

Destination: Supports the best dermatology research projects worldwide.

Budget: €268.000 - €536.000

Duration: Between 1 and 3 years

Deadline: 8th January 2024

[More information](#)

Quarterly Research Grant Funding Programme

Topic: Parkinson

Organized by: Cure Parkinson's

Destination: Funds preclinical and clinical research focused on slowing, stopping, or reversing Parkinson's.

Budget: £250,000

Duration: Five years

Deadline: Multiple 2024 deadlines: 08/01/2024, 08/04/2024, 24/06/24, and 21/10/2024

[More information](#)

Research Grants

Topic: Pancreatitis

Organized by: National Pancreas Foundation

Destination: Provides funding and support for postdoctoral researchers in various fields of natural and social sciences and engineering.

Budget: 600,000 CHF

Duration: Up to five years

Deadline: 15th January 2024

[More information](#)

CAREER OPPORTUNITIES 

International Fellowships for Research in Japan

Topic: Mobility

Organized by: Japan Society for the Promotion of Science

Destination: Provides fellowship programs for overseas researchers who have an excellent record of research achievements to conduct collaborative research, discussions, and opinion exchanges with researchers in Japan.

Budget: 18.000¥ per day (approx. 110€).

Duration: 14 to 60 days

Deadline: 12/01/2024 (for Short-term Postdoctoral Fellowships) and 26/04/2024 (for Short-term Invitational Fellowships)

[More information](#)

FENS/IBRO-PERC Exchange Fellowships Programme

Topic: Mobility

Organized by: Federation of European Neuroscience Societies

Destination: Directed at master, PhD students and early post-doctoral fellows located in Europe, aims to foster and broaden the scope of their methodological training by supporting goal-directed laboratory visits in established European laboratories.

Budget: €4000

Duration: Minimum 4 weeks

Deadline: 15th April 2024

[More information](#)

Investigator-Initiated Research Opportunities

Topic: Mobility

Organized by: American Heart Association

Destination: The goal of the program is to expand research experiences and collaborative opportunities for both the awarded Visiting Professor and his/her U.S.-based host in areas of research that align with the mission of the AHA.

Budget: Up to \$10,000 U.S. dollars, including 10 percent indirect costs

Duration: One year

Deadline: 7th February 2024

[More information](#)

CRI Lloyd J. Old STAR Program

Topic: Mobility

Organized by: Cancer Research Institute

Destination: Aims to provide a degree of flexibility and freedom for investigators to explore out-of-the-box and disruptive avenues of research.

Budget: Five years

Duration: \$250,000 per year for five years

Deadline: 15th January 2024

[More information](#)

AWARDS

Eppendorf Award for Young European Investigators 2024

Topic: Molecular Biology

Organized by: Eppendorf Corporate

Destination: The Eppendorf Award for Young European Investigators was first established in 1995. It acknowledges outstanding contributions to biomedical research in Europe based on methods of molecular biology, including novel analytical concepts.

Budget: €20.000

Deadline: 15th January 2024

[More information](#)

PhD Thesis Prize

Topic: Neuroscience

Organized by: Fens Kavli Network of Excellence

Destination: The FENS-Kavli Network of Excellence PhD Thesis Prize is awarded every second year at the FENS Forum and honors a young neuroscientist for his/her outstanding PhD thesis in any domain of neuroscience.

Budget: €2.000

Deadline: 15th February 2024

[More information](#)

OTHERS

European Research and Innovation Days

Topic: Innovation

Organized by: European Commission

Destination: The European Commission's annual flagship research and innovation event brings together policymakers, researchers, entrepreneurs, and the public to debate and shape the future of research and innovation in Europe and beyond.

Date & place: 20 and 21 March 2024 both physically in Brussels and online

More information

TRAINING

Tools for Diagnosing and Visualizing Parkinson's

Topic: Parkinson

Organized by: The Michael J.Fox Foundation for Parkinson's Research

Destination: DaTscan, which has been FDA-approved since 2011, has been a critical tool for doctors and researchers to help diagnose Parkinson's. This year we have entered a new biological era with the discovery of a biomarker, a test that uses spinal fluid, that can detect Parkinson's at the cellular level. And researchers are also working on a tool to visualize clumps of alpha-synuclein protein in the living brain. You might be asking yourself how these tools work together, and how are they different? How do clinicians and researchers apply them in the field? Tune in to our webinar and hear from experts on how these tools are pushing science forward.

Date & place: 21st December 2023, 12:00 pm ET

Registration

EIT Health Open Innovation Webinar

Topic: Innovation

Organized by: EIT Health

Destination: Join the informational webinar to find out more about EIT Health's Open Innovation programme.

Date & place: 10th January 2024, 12 p. m.
