Latest news

- On **27th September** the **Cancer Mission** will host a session to exchange with experts as well as young cancer survivors on the topic of mental health throughout cancer survivorship. You can register through the following [link](#).
- The European Commission organizes a series of general conferences in October 2023 on the process of participation in Horizon Europe "[Horizon](#)"

[Implementation Days](#)". The sessions will address the search for funding opportunities and how to submit a proposal, the preparation of the grant agreement and the grant management.

SEEKING FOR PARTNERS

In this section you will find collaboration offers or requests posted by different research groups through the Crowdhelix platform. **Before contacting them, you first need to [register your profile](#) in Crowdhelix or reach out through the project managers of your institution.**

Seeking collaborators for two upcoming European project proposals (Horizon Europe & Eurostars - HLTH-2024-STAYHLTH-01-two-stage))

Topic: HLTH-2024-STAYHLTH-01-two-stage

Partner: Materia Group (Cyprus)

Seeking/Offering: Materia Group is a healthcare organisation with experience in several EU funded projects as coordinators and WP leaders. The team is comprised of qualified researchers, healthcare professionals, business and dissemination experts. To complete the consortia in progress in two upcoming calls (Eurostars & HORIZON-HLTH-2024-STAYHLTH-01-two-stage) they are seeking:

- a)** A partner having expertise in robotic solutions/AI/natural language processing
- b)** Partners able to act as clinical sites/end-users testing technology aiming to tackle cognitive decline, experts in neuropsychology/neuroscience and able to recruit and test a minimum of 200 people (both cognitively fit and people with cognitive impairment mild-severe)
- c)** Business leaders able to professionally handle IPR management, business models, exploitation plans.
- d)** Dissemination partners with a good track record of reaching KPIs.

To express your interest, please contact sotiria@materia.com.cy

Deadline: 19th September 2023.

Seeking to join a consortium for the upcoming call TRANSFORMATIONS-01-07: Methodologies for teamworking of researchers

Topic: HORIZON-CL2-2024-TRANSFORMATIONS-01-07 (CSA)

Partner: Munster Technological University (MTU)

Seeking/Offering: MTU is currently looking at the "Methodologies for teamworking of researchers" and would like to join a consortium. We are a technical University with a strong history of collaborative research projects with Industry and other academic organizations. MTU has implemented approaches within the University that could be applied across Europe, and additionally we believe that we have a lot to learn from other institutions in Europe.

Deadline: 4th October 2023.

RESEARCH PROJECTS

MILLION DOLLAR BIKE RIDE 2023 PILOT GRANT PROGRAM

Topic: Rare diseases

Organized by: THE ORPHAN DISEASE CENTER

Destination: The ODC is offering 39 research opportunities focusing on 31 different rare diseases. This program provides a one-year grant to support research related to a rare disease represented in the 2023 [Million Dollar Bike Ride](#). Number of awards and dollar amounts vary per disease based on fundraising totals by each disease team.

Budget: between 40.140\$ - to 109.856\$

Duration: 1 year.

Deadline: 15th September 2023 (LOI).

[More information](#)

RESEARCH GRANT APPLICATION 2023

Topic: Job Syndrome

Organized by: JOB RESEARCH FOUNDATION

Destination: The Job Research Foundation is offering grant funding for researchers who are interested in researching the causes of, and treatments for, Job Syndrome. The Foundation's goal is to help advance research to find a cure for Job Syndrome. Special consideration will be given to research focused on Job Syndrome and Pulmonary complications due to Job Syndrome, and therapies to help them.

Budget: up to 200.000\$/year

Duration: up to 2 years

Deadline: 13th October 2023.

[More information](#)

STUDY GROUP COLLABORATION GRANT 2023

Topic: Clinical microbiology and infectious diseases

Organized by: EUROPEAN SOCIETY OF CLINICAL MICROBIOLOGY AND INFECTIOUS DISEASES (ESCMID)

Destination: ESCMID offers about 750,000 EUR annually to support research projects in the fields of clinical microbiology and infectious diseases. This Collaboration Grant is a large-scale grant for innovative research projects in clinical microbiology and infectious diseases organised by an experienced PI with the support of at least 3 ESCMID Study Groups collaborating together. The research project must involve at least two separate institutions in two different countries.

Budget: up to 180.000€/project

Duration: up to 2 years

Deadline: 12th October 2023.

PARTNERING FOR INNOVATION 2023

Topic: Neurology, immunology and mental health

Organized by: BIOGEN INTERNATIONAL GMBH

Destination: At Biogen Digital Health, we partner with evidence-based digital health innovators across the ecosystem who are dedicated to unlocking novel solutions that may transform patient care.

Our focus is on collaborations that support the Biogen portfolio across neurology, immunology, and mental health.

Budget: Not indicated

Duration: Not indicated

Deadline: Permanently Open Call for applications

INVESTIGATOR SPONSORED STUDIES (IIS) 2023

Topic: Bone, Cardiovascular, Inflammation, Hematology/Oncology, Neurology, Nephrology

Organized by: AMGEN SA

Destination: Amgen is happy to receive, review, and respond to unsolicited proposals from qualified health care professionals, scientists, and researchers with promising ideas in areas of mutual scientific interest. An ISS is a clinical study that is initiated, developed, designed, and conducted by a qualified sponsor external to Amgen who assumes sole responsibility for the conduct of the study. An ISS can take a variety of forms. For example:

- An ISS can involve a licensed or unlicensed Amgen product(s)
- It can be based on a disease area of interest (e.g., a specific tumor type)
- It can be interventional or observational, including but not limited to health economic studies, epidemiological research, or analyses of existing data

Budget: Not indicated

Duration: Not indicated

Deadline: Permanently Open Call for applications

TEAM SCIENCE AWARD 2023

Topic: Melanoma

Organized by: MELANOMA RESEARCH ALLIANCE (MRA)

Destination: The MRA offers Team Science Awards designed to foster a collaborative research process and promote transformational melanoma research advances with the potential for rapid clinical translation. Team must be multidisciplinary, and consist of two or more established Principal Investigators, a Young Investigator with complementary expertise, and a Mentor for the Young Investigator.

Budget: up to \$300,000 per year

Duration: 3 years

Deadline: 20th September 2023

[More information](#)

SCIENCE ACADEMIC-INDUSTRY PARTNERSHIP AWARD 2023

Topic: Melanoma

Organized by: MELANOMA RESEARCH ALLIANCE (MRA)

Destination: The Academic-Industry Partnership Award is designed to enhance translational research by extending academic capabilities to clinical investigations and to facilitate interactions between the academic and industrial research sectors. These awards will be co-funded by MRA and an industry partner whose involvement is essential to the project.

Budget: up to \$300,000 per year

Duration: 3 years

Deadline: 20th September 2023.

IMPROVING HEALTH EQUITY IN IBD THROUGH DISPARITIES RESEARCH 2023

Topic: Inflammatory bowel disease (IBD)

Organized by: PFIZER S.A.

Destination: This competitive program seeks to support health equity in IBD through disparities research based on findings from Pfizer's IBD Health Equity Summit at Digestive Disease Week on May 5, 2023 in Chicago, IL. This call will support the following:

- Precision medicines approaches.
 - Research on ways to improve IBD management among underserved groups, such as treat to target approaches.
 - Studies quantifying the socio-economic and psychological burden of IBD and its correlation with social determinants of health.
-

Budget: between 10.000\$ and 250.000\$

Duration: up to 2 years.

Deadline: 11th October 2023.

CAREER DEVELOPMENT AWARD FOR PANCREATIC CANCER RESEARCH, IN HONOR OF RUTH BADER GINSBURG 2023

Topic: Pancreatic cancer

Organized by: AMERICAN ASSOCIATION FOR CANCER RESEARCH (AACR)

Destination: This Award represents a joint effort to support the **career advancement of a female scientist** engaged in pancreatic cancer research. The proposed project may be in basic, translational, clinical, or population sciences related research and must have direct applicability and relevance to the understanding, detection, diagnosis, or treatment of pancreatic cancer and be aligned with the goals and priorities of the [Lustgarten Foundation](#).

Budget: 300.000\$

Duration: 3 years

Deadline: 16th October 2023 (LOI).

[More information](#)

CAREER DEVELOPMENT AWARD FOR PANCREATIC CANCER RESEARCH, IN HONOR OF JOHN ROBERT LEWIS

Topic: Pancreatic cancer

Organized by: AMERICAN ASSOCIATION FOR CANCER RESEARCH (AACR)

Destination: The intent of this program is to support the development and diversity of talent working in pancreatic cancer research. Eligibility is limited to members of **racial or ethnic groups that have been shown to be underrepresented** in the cancer related sciences workforce. This award represents a joint effort to encourage and support early career scientists engaged in pancreatic cancer research relevant to the goals and mission of the [Lustgarten Foundation](#). Proposed projects may be in basic, translational, clinical, or population sciences related research and must have direct applicability and relevance to the understanding, detection, diagnosis, or treatment of pancreatic cancer.

Budget: 300.000\$

Duration: 3 years

Deadline: 16th October 2023 (LOI).

[More information](#)

LUSTGARTEN FOUNDATION-SWIM ACROSS AMERICA-AACR PANCREATIC CANCER EARLY DETECTION RESEARCH GRANT

Topic: Pancreatic cancer

Organized by: AMERICAN ASSOCIATION FOR CANCER RESEARCH (AACR)

Destination: This Research Grant represents a joint effort to support **innovative research** to advance efforts towards the early detection and interception of pancreatic cancer. Applications from investigators with experience in other areas of cancer or biomedical research who have promising ideas and approaches that can be applied to pancreatic cancer research are especially encouraged. Proposed projects may be basic, translational, clinical, or epidemiological in nature and must have

direct applicability and relevance to the early detection or interception of pancreatic cancer and be aligned with the goals and priorities of the [Lustgarten Foundation](#).

Budget: 300.000\$

Duration: 3 years

Deadline: 16th October 2023 (LOI).

[More information](#)

CAREER DEVELOPMENT AWARD 2024

Topic: Cancer

Organized by: AMERICAN SOCIETY OF CLINICAL ONCOLOGY (ASCO)

Destination: The Career Development Award provides research funding to clinical investigators, who have received their initial faculty appointment, as they work to establish an independent clinical cancer research program. This is a mentored award and the research project is conducted under the guidance of a scientific mentor. The research must have a patient-oriented focus, including a clinical research study and/or translational research involving human subjects. Proposals with a predominant focus on in vitro or animal studies (even if clinically relevant) are not allowed. Applications in all areas of cancer research are accepted from U.S. and international applicants.

Budget: 200.000\$

Duration: 3 years

Deadline: 19th October 2023.

[More information](#)

YOUNG INVESTIGATOR AWARDS 2023

Topic: Melanoma

Organized by: MELANOMA RESEARCH ALLIANCE (MRA)

Destination: Young Investigator Awards aim to attract early career faculty with original ideas into the field of melanoma, thereby recruiting and supporting the next generation of melanoma research leaders. Awardees will be provided funding to accomplish innovative and original, preclinical, translational, and/or early clinical research projects. Young Investigators are scientists within the first five years of their first academic faculty appointment. A mentorship commitment from a senior investigator is required.

Budget: up to 255.000\$

Duration: 3 years

Deadline: 20th October 2023.

[More information](#)

CAREER OPPORTUNITIES

VIENNA BIOCENTER PhD PROGRAMME 2023

Topic: Life Sciences

Organized by: VIENNA BIOCENTER

Destination: The purpose of the Vienna BioCenter PhD Program is to train rigorous, independent scientists through a comprehensive training program at the Vienna BioCenter (VBC). The training

program will allow students to acquire scientific skills, which are important for a career in science, but also for other career paths.

Budget: Between 32.200€ and 35.427€/year

Duration: up to 4 years

Deadline: 15th October 2023.

[More information](#)

FENS/IBRO-PERC EXCHANGE FELLOWSHIPS 2023

Topic: Neuroscience

Organized by: FEDERATION OF EUROPEAN NEUROSCIENCE SOCIETIES

Destination: Directed at master, PhD students and early post-doctoral fellows located in Europe, the FENS/IBRO-PERC Exchange Fellowships Programme aims to foster and broaden the scope of their methodological training by supporting goal-directed laboratory visits in established European laboratories.

Budget: 4.000€/fellowship

Duration: between 1 and 3 months

Deadline: 15th October 2023.

[More information](#)

TRAVELLING FELLOWSHIPS 2023

Topic: Life Sciences

Organized by: The Company of Biologists

Destination: Travelling Fellowships of up to £3,000 to graduate students and post-doctoral researchers wishing to make collaborative visits to other laboratories. These are designed to offset the cost of travel/accommodation and other related expenses. There is no restriction on nationality.

Budget: up to 3.000£

Duration: -

Deadline: 27th October 2023.

[More information](#)

AWARDS

ERA-NET NEURON: EXCELLENT PAPER IN NEUROSCIENCE AWARD 2023

Topic: Neurosciences

Organized by: EUROPEAN COMMISSION

Destination: Award for the best work published between January 1st and December 31st, 2022, related to Neurodevelopmental Disorders, whose first author is a predoctoral or postdoctoral researcher in the three years after obtaining the degree.

Budget: 3.000€

Deadline: 29th September 2023

[More information](#)

LÉOPOLD GRIFFUEL AWARD 2023

Topic: Oncology

Organized by: FONDATION ARC POUR LA RECHERCHE SUR LE CANCER

Destination: Two prizes will be awarded, one for basic research and the other for clinical or translational research, to outstanding researchers whose work has represented a great advance in the field of oncology, and who are still active.

Budget: 150.000€

Duration: 5 years

Deadline: 2nd October 2023

[More information](#)

WOMEN IN SCIENCE AWARD 2024

Organized by: European Molecular Biology Organization (EMBO)

Destination: Recognition of excellent female scientists who carry out their research in Europe in any area of life sciences and have made important contributions to their field.

Budget: 10.000€

Deadline: 15th October 2023

[More information](#)

ALBA-ELSEVIER AWARD LECTURE ON BRAIN SCIENCES 2023

Organized by: FEDERATION OF EUROPEAN NEUROSCIENCE SOCIETIES (FENS)

Destination: Award established to recognise yearly research achievements of outstanding quality by an active scientist working at the frontiers of brain research, at any career stage PhD or MD onwards, who has made contributions to diversity, equity and inclusion (DEI) issues in their career, and who is currently working in a country underrepresented among neuroscience publications and conferences. In addition to highlighting the awarded individual's scientific excellence, this prize will support regional diversity and increase visibility of both the scientist and their institution.

Budget: 3.000€

Deadline: 20th October 2023

[More information](#)

TRAINING

WORKSHOP ON GUIDANCE ON CLINICAL TRIAL METHODOLOGY

Topic: Clinical trial methodology

Organized by: European Medicines Agency (EMA)

Destination: The [European Medicines Regulatory Network \(EMRN\)](#) provides guidance on clinical trial methodology, supporting stakeholders in the implementation of new innovative approaches for the conduct and design of clinical trials. In this context, the [ACT EU Programme](#) is hosting this multi-stakeholder workshop on **23rd November 2023**. Participants will have the opportunity to discuss selected clinical trial methodology topics in dedicated breakout sessions to assess the need for new methodology guidance documents or for updates to the existing ones.

Date & Place: Deadline to register: **17th September 2023**

The course will take place on 23rd November 2023, online.

OTHERS

IBRO TRAVEL GRANTS 2023

Topic: Neuroscience

Organized by: INTERNATIONAL BRAIN RESEARCH ORGANIZATION (IBRO)

Destination: The IBRO Travel Grant program aims to foster neuroscience research by providing support to early-career Ph.D. students and post-doctoral fellows from diverse geographical and scientific areas who wish to participate in international neuroscience meetings and events taking place in 2024. Maximum grant award amount: 1.800€.

Deadline: 21st September 2023
