SEEKING FOR PARTNERS - CANDIDATES

Seeking international collaborators for EP PerMed (European Partnership for Personalised Medicine) Call

Topic: [EP PerMed](#).

Partner: Ankara University.

Seeking/offering: Ankara University is actively seeking partners from at least two different countries to collaborate on the EP PerMed Joint Call 2025. This prestigious call provides a unique opportunity to advance personalized medicine through innovative research and cross-border partnerships.

Our Research Focus in This Call:

We are targeting two critical areas in pharmacogenomics:

Discovery of New Pharmacogenomic Markers or Signatures:

Leveraging (multi)-omics data to identify novel markers or signatures linked to drug or drug combinations.

Validation of Pharmacogenomic Markers or Signatures:

Using (multi)-omics data to confirm the predictive power of identified markers for drug or drug combination outcomes.

These areas aim to enhance personalized medicine by optimizing drug efficacy and minimizing adverse effects, paving the way for breakthroughs in healthcare.

For more information, please contact **Prof. Demet Cansaran-Duman** (dcansaran@ankara.edu.tr) and **Dr. Özge Nur TOPRAK** (onkanat@ankara.edu.tr).

Deadline: 18/02/2025.

THCS Partnership: JTC 2025 - “Better care closer to home: Enhancing primary and community care”

Topic: [THCS Partnership](#).

Partner: Norwegian Research Centre AS (NORCE).

Seeking/offering:

Project/work description

This consortium aims to establish and validate an interconnected network of primary care-based research networks, creating a "network of networks" to advance primary and community care research. By connecting established primary care research networks, we seek to create a meta-network that will enhance research capabilities, data sharing, and knowledge transfer in primary and community care settings.

To demonstrate the potential and value of this interconnected framework, they will conduct several case studies focusing on key primary care challenges. These case studies will serve as proof-of-concept examples of how the network facilitates cross-border cooperation, improve primary care research and ultimately enhance patient care closer to home.

This project will deliver the following key achievements:

- Creation of an interconnected "network of networks": We will successfully link existing primary care research networks, facilitating resource and knowledge sharing.
- Practical Case Studies: We will complete several case studies that demonstrate how cross-network collaboration can address challenges in primary care and deliver real-world improvements.
- Enhanced Research Capacity: By connecting networks, we will build capacity for collaborative, multi-country primary care research, supporting innovation and implementation of best practices.
- Sustainable Collaboration Framework: We will develop guidelines and strategies to ensure the long-term sustainability and scalability of the network, making it a valuable resource for researchers, policymakers, and healthcare providers.

For more information, please contact to: **Alice Milivinti** (almi@norce-research.no).

Deadline: 30/01/2025.

RESEARCH PROJECTS

Grants - Stand Up To Cancer

Topic: Cancer.

Organized by: Stand Up to Cancer (SU2C).

Destination: The Nina Nicolai Innovation in Collaboration Award has been published. Funds synergistic and innovative collaborations that enhance the SU2C mission to accelerate the development of new cancer treatments for pancreatic cancer.

Budget: Up to \$ 225,000, depending on the scope of the project.

Duration: 1 - 2 years.

Deadline: 20/01/2025.

[More information](#)

Bridging Gaps in Advancing Human Skeletal Muscle Regeneration

Topic: Human Skeletal Muscle Regeneration.

Organized by: Muscular Dystrophy Association (MDA).

Destination: Funds innovative, multidisciplinary research projects aimed at advancing our understanding of human skeletal muscle regeneration.

Budget: \$ 100,000/year.

Duration: 2 years.

Deadline: 28/02/2025 (LOI).

[More information](#)

Access to Insight

Topic: Rare bleeding disorders.

Organized by: Novo Nordisk.

Destination: Seeks to promote innovative haemostatic research in rare bleeding disorders.

Budget: Up to € 70,000.

Duration: [Basic Research Grant](#): 12-18 month period, [Clinical Research Grant](#): up to 1 year.

Deadline: 01/04/2025.

[More information](#)

Fellowships and Grants

Topic: Innovative Scientific Research.

Organized by: European Crohn's and Colitis Organisation (ECCO).

Destination: ECCO Fellowships, Grants and Travel Awards are available to encourage young physicians in their career and to promote innovative scientific research in IBD in Europe. Membership required.

Budget: Variable, depending on the Award.

Duration and funding: Variable, depending on the Award.

Deadline: 05/05/2025.

[More information](#)

Irvington Postdoctoral Fellowship

Topic: Cancer, Immunology.

Organized by: Cancer Research Institute (CRI).

Destination: Supports training fellowships in fundamental immunology or cancer immunology at leading universities and research centers around the world.

Budget: Provides a stipend of \$ 74,000 for the first year, \$ 76,000 for the second, and \$ 78,000 for the third.

Duration and funding: 3 years.

Deadline: 01/09/2025.

[More information](#)

CAREER OPPORTUNITIES

Immuno-Informatics Postdoctoral Fellowship

Topic: Data science, Immunology.

Organized by: Cancer Research Institute (CRI).

Destination: Supports qualified young scientists who wish to receive dual training in immunology and data science.

Budget: Provides a stipend of \$ 74,000 for the first year, \$ 76,000 for the second, and \$ 78,000 for the third.

Duration and funding: 3 years.

Deadline: 01/09/2025

[More information](#)

AWARDS

NOSTER & Science Microbiome Prize

Topic: Microbiota.

Organized by: Noster Science.

Destination: To reward innovative research by young investigators working on the functional attributes of the microbiota of any organism that has potential to contribute to our understanding of human or veterinary health and disease or to guide therapeutic interventions.

Budget: \$ 25,000.

Deadline: 14/02/2025.

[More information](#)

Scientific Progress Immunoglobulins in Neurology (SPIN) Award Program

Topic: Neurology.

Organized by: Grifols Scientific Awards.

Destination: The Scientific Progress Immunoglobulins in Neurology (SPIN) Award Program was launched in 2008 to support research into the use of immunoglobulins in neurology. Grifols proudly

supports the SPIN Award Program and believes it demonstrates the company's commitment to innovation in this field of scientific endeavour. We consider the program to be a tangible contribution to the improvement of standards of care and outcomes for patients with neurological conditions.

Budget: € 50,000.

Deadline: 31/01/2025.

[More information](#)

Alpha-1 Antitrypsin Laurell's Training Award (ALTA) Awards

Topic: Alpha-1 Antitrypsin.

Organized by: Grifols Scientific Awards.

Destination: A primary goal of the Alpha-1 Antitrypsin Laurell's Training Award (ALTA) is to identify and engage investigators (both physicians and scientists) who are early in their careers in a longstanding commitment to investigating alpha-1 antitrypsin deficiency (AATD). In awarding 2 grants, the goal/intention is to award one grant for a clinical proposal and a second for a basic research proposal. Another objective of the ALTA award is to strengthen the network between scientists and clinicians working in the field of AATD.

Budget: € 50,000.

Deadline: 01/03/2025.

EVENTS

Save the date: Infoday EIC Pathfinder & Transition

Topic: EIC calls.

Organized by: European Innovation Council (EIC).

Destination: On February 4, an information session will be held in Madrid (Universidad Carlos III de Madrid-Campus Puerta de Toledo), on the 2025 calls for the EIC Pathfinder and EIC Transition programs.

Date & place: 04/02/2025, Madrid.

[More information](#)

Horizon Europe Infoday: Programes 'Pathfinder' i 'Transition' de l'EIC

Topic: EIC Pathfinder & Transition.

Organized by: ACCIÓ.

Destination: Come learn about the 2025 calls for the Pathfinder and Transition programs of the European Innovation Council (EIC), which offers funding opportunities for innovative projects.

Date & place: 20/01/2025, Barcelona. Registrations: 16/01/2025.

[More information](#)

European Cancer Imaging Initiative - Joining forces for AI-powered imaging to save lives

Topic: Cancer.

Organized by: European Commission (EC).

Destination: The Commission together with the European Society of Radiology and EUCAIM is organising an event exploring how the European Cancer Imaging Initiative harnesses health data and Artificial Intelligence to advance the fight against cancer.

Date & place: 06/02/2025, Brussels.

TRAINING

European IP Helpdesk Webinar: IP in EU funded projects with a special focus on MSCA

Topic: MSCA.

Organized by: European IP Helpdesk.

Destination: The webinar will provide an overview of key aspects in the field of intellectual property management in Marie Skłodowska-Curie Actions, like peculiarities of MSCA grant and Consortium Agreements or relevant issues in writing MSCA Proposals.

Date & place: 12/03/2025.

Registration

European IP Helpdesk Webinar: Consortium Agreements

Topic: Consortium Agreements.

Organized by: European IP Helpdesk.

Destination: After the training, participants should be able to answer the following main questions:

- What is a consortium agreement?
 - When should the consortium agreement be signed, and by whom?
 - What model consortium agreements are available, and for what types of projects?
 - What issues should a consortium agreement deal with?
 - Regarding IP: which GA rules should not be contradicted by the CA?
 - Regarding IP: what are the areas in which GA rules leave flexibility for the CA?
 - Regarding IP: how to use the CA as a tool: examples of clauses to add to your draft
-

Date & place: 26/03/2025.

Registration

European IP Helpdesk Webinar: Maximizing the impact of Horizon Europe project results

Topic: HEU project results.

Organized by: European IP Helpdesk.

Destination: After the training, participants should have a better understanding of the following:

- The IP in the Consortium Agreements: a particular regard to the results of the research.
 - Which are the best means to maximize the value of your IP?
 - Assessing your IP: How can you estimate the value of your IP?
 - Which are the best exploitation strategies and business plans for entering the market?
 - Reap the rewards of your IP: taking a closer look at the different forms of licensing.
-

Date & place: 25/06/2025.

[Registration](#)

Webinar: Everything you need to know about IHI contributing partners

Topic: IHI contributing partner.

Organized by: Innovative Health Initiative (IHI).

Destination: This webinar will provide an in-depth exploration of the key aspects of becoming an IHI contributing partner.

Date & place: 30/01/2025, online.

[Registration](#)

European IP Helpdesk Webinar: Introduction to IP

Topic: Intellectual property.

Organized by: European IP Helpdesk.

Destination: After the training, participants should be able to answer the following main questions:

- What is Intellectual Property (IP)?
- What are Intellectual Property Rights (IPR)?
- Why should I deal with IP/IPR issues? Why should IP be an integral part of my business strategy? What are the first steps to be taken?
- What IP protection can I use (e.g. trademarks, patents etc.)?
- To which institutions can I turn for help?
- What do different IP titles cost?
- How do I perform basic IP searches? What tools exist?
- What does counterfeiting mean?
- How can IPR be enforced?

Date & place: 05/02/2025.

Registration

European IP Helpdesk Webinar: IP in Biotechnology

Topic: IP in Biotechnology.

Organized by: European IP Helpdesk.

Destination: The webinar will give an overview about:

- Relevant IP rights.

- The context of IP in product development.
- Specifics of IP in biotech.
- Development of an IP portfolio.
- Management of an IP portfolio.

Date & place: 11/02/2025.
