Latest news

- [European Innovation Council \(EIC\) Work Programme 2025](#)
- [Call for COST external experts](#). We invite experts from all scientific areas to participate in the evaluation of proposals for COST Actions collected once a year through the COST Open Call.

SEEKING FOR PARTNERS

In this section you will find collaboration offers or requests posted by different research groups through the Crowdhelix platform. **Before contacting them, you first need to [register your profile](#) in Crowdhelix or reach out through the project managers of your institution.**

Seeking Collaborators for Draft 2025 Horizon Europe Pillar II Calls

Topic: Health.

Partner: University of Otago.

Seeking/Offering: As you may know, drafts of the 2025 Work Programmes are circulating internationally and have been made available online. We are looking for partners to collaborate on projects within the draft 2025 Work Programme for Clusters 1-6 and the Missions. The University of Otago can act as a Consortium Partner and Work Package Leader.

Offering partnership for upcoming HORIZON-MISS-2024-CANCER-01-05 call

Topic: Health, Mission Cancer, Cell & Gene Therapy.

Partner: St. Anne's University Hospital Brno.

Seeking/Offering: We are currently exploring the possibility to join a consortium for the call: HORIZON-MISS-2024-CANCER-01-05: Improving the understanding and management of late-effects in adolescents and young adults (AYA).

RESEARCH PROJECTS

Research Grants

Topic: Hyperoxaluria.

Organized by: Oxalosis & Hyperoxaluria Foundation.

Destination: Seeks to support research that will ultimately lead to new diagnostics, treatments, and a cure for Primary Hyperoxaluria and related Hyperoxaluria conditions.

Budget: Up to \$ 200,000.

Duration: Up to 2 years. Funding begins within 9 months of award.

Deadline: 15th December 2024.

[More information](#)

Translational Grant Program

Topic: CFTR modulators.

Organized by: Emily's Entourage's.

Destination: Funds promising strategies that accelerate research and drug development for those in the final 10% of the CF community who do not benefit from CFTR modulators, including those with rare and nonsense mutations.

Budget: Up to \$ 100,000/year (direct costs). Additional indirect costs set at 10%.

Duration: 2 years.

Deadline: 20th December 2024.

More information

Grants

Topic: Health research.

Organized by: Allen Foundation.

Destination: Funds projects that primarily benefit programs for human nutrition in the areas of health, education, training, and research.

Budget: Variable depending on the type of the project.

Duration: Variable depending on the type of the project.

Deadline: 15th July 2025.

[More information](#)

Research Grants

Topic: Aging.

Organized by: SENS Research Foundation.

Destination: Funds external research with potential to accelerate the development of rejuvenation biotechnology.

Budget: Usually \$ 50,000 - \$ 300,000, but there is no minimum or maximum funding level restriction.

Duration: 1-3 years.

Deadline: 1st February 2025.

[More information](#)

EIC Accelerator Challenges

Topic: Innovation.

Organized by: European Commission (EC).

Destination: Supporting start-ups and small and medium-sized enterprises to develop and scale up to new markets or disrupt existing ones.

Budget: The total indicative budget for this call is € 250M.

- Investment component (for blended finance and equity only proposals) between € 0,5M and € 10M to finance market deployment and scale up.
 - Grant component (for blended finance and grant-only proposals) up to € 2,5M for innovation activities only (TRL 6-8).
-

Deadline: 18th December 2025.

CAREER OPPORTUNITIES

Young Investigator Award (YIA)

Topic: Mobility.

Organized by: Children's Tumor Foundation.

Destination: Provides support to early career neurofibromatosis researchers, to help them get established as independent neurofibromatosis investigators.

Budget: Up to \$ 200,000.

Duration: 2 years.

Deadline: 2nd December 2024.

More information

Fellowships & Early Career Awards

Topic: Mobility.

Organized by: Parkinson's Foundation.

Destination: They are offered several types of grants to encourage young scientists, clinicians, and students to devote their talents to the study of Parkinson's disease.

Duration and funding:

Launch Award

- Duration and funding: 2-stage program consisting of a Mentored Stage (1-2 years) and an Independent Stage (up to 2 years). \$ 400,000 for up to 4 years.

Postdoctoral Fellowships

- Duration and funding: 2 different levels of support: Basic Scientists: \$ 134,000 over 2 years; Clinical Neurologists: \$ 150,000 over 2 years.

Melvin Yahr Parkinson's Disease Clinical Research Award

- Duration and funding: 1-year award for a total of \$ 50,000.

Visiting Scholars Award

- Duration and funding: \$ 4,000 stipend to support the travel and housing of scholar while visiting a host laboratory to learn new techniques that will benefit their Parkinson's research. Upon completion of their project, Scholars are invited to apply for up to \$ 1,000 in travel funds to attend a related scientific conference to present their research.

Student Fellowships

- Duration and funding: 10 weeks of clinical or laboratory work with a \$ 4,000 award. Fellows may apply for up to \$ 1,000 in travel funds to attend a related scientific conference to present their research upon project completion.

Deadline:

Visiting Scholars and Summer Student 2024: 3rd February 2025.

Melvin Yahr Award 2024: 9th January 2025.

AWARDS

1

ALBA-FKNE Diversity Prize

Topic: Brain.

Organized by: ALBA Network.

Destination: With this Diversity prize, The ALBA Network and the The FENS-Kavli Scholars wish to highlight a scientist that has made outstanding contributions to promoting equality and diversity in the brain sciences.

Deadline: 19th December 2024.

[More information](#)

Eppendorf Award for Young European Investigators

Topic: Molecular Biology.

Organized by: Eppendorf.

Destination: The Eppendorf Award for Young European Investigators was first established in 1995. It acknowledges outstanding contributions to biomedical research in Europe based on methods of molecular biology, including novel analytical concepts.

Deadline: 15th January 2025.

EVENTS

Conference on Research Careers 2024

Topic: Human Resources EC.

Organized by: European Commission (EC).

Destination: Researchers have a pivotal role in ensuring a prosperous and competitive European Union (EU). Without researchers' employability, the attractiveness of research careers in Europe could be seriously undermined. The efforts of the EC under the umbrella of the new European Research Area are determinant to make research careers truly attractive and rewarding, without having to give up stability.

Date & place: 26th November 2024, 09:00 - 17:00 (CET). Online.

TRAINING 

Horizon Europe Open Science requirements in practice

Topic: Open Science.

Organized by: OpenAIRE.

Destination: Have any doubts or questions about your obligations as a Horizon Europe (HE) grant holder in terms of Open Access to publications and Research Data Management? We will present the HE requirements, followed by some time for your questions to our experts. You will also get a preview of the main tools and services OpenAIRE provides to help project coordinators and research support staff on the requirements' compliance.

Date & place: 22nd November 2024, 13:00 CEST. Madrid.

Webinar on 'The impact of rare conditions on self-identity'

Topic: Innovation.

Organized by: EIT Health.

Destination: This webinar will explore how rare diseases shape personal identity, especially through challenges in self-perception, sexuality, and stigma, particularly for genetic conditions. It emphasizes the struggle to find self-worth beyond the condition and the transformative impact of connecting with others facing similar experiences, fostering a sense of belonging and acceptance.

Date & place: 18th November 2024, 14:30 - 16:00 CET.
