

Call for Candidates to Apply for a Juan de la Cierva 2026 Research Contract within the DIBIOMECC Group

DIBIOMECC, a leading research group in **biomarkers for cancer and inflammatory diseases**, is seeking candidates to apply for a **Juan de la Cierva 2026 Research Contract**. This position is aimed at highly motivated and talented researchers eager to contribute to **cutting-edge translational research in prostate cancer**.

About the Juan de la Cierva Program

The Juan de la Cierva program supports the professional development of researchers with strong scientific training, helping them consolidate their research careers in collaboration with top research teams across Spain. The 2026 position will be hosted within the **DIBIOMECC Group**, where the selected researcher will play a key role in projects focused on prostate cancer biomarkers.

Candidate Profile

We are looking for motivated candidates with the following qualifications and skills will be considered as asset:

- Ph.D. in Biology, Biomedicine, Molecular Biology, or a related field.
- Background in cancer research and molecular biology.
- Experience in extracellular vesicle (EV) isolation and characterization, molecular profiling (proteomics, small RNA, cfRNA), , western blotting, and targeted assays (ddPCR, qPCR, targeted proteomics).and in vitro biomarker validation
- Applying statistical and machine learning methods to multi-omic data.
- Excellent communication skills in English (spoken and written)
- Demonstrated ability to publish in peer-reviewed journals

Key Responsibilities

- Conduct innovative research on **translational cancer biomarkers** in prostate cancer, and contribute to other active projects (e.g., kidney cancer).
- Publish and disseminate research findings in high-impact journals.

Application Process

To apply, please submit the following documents by **21November 2025**:

- Curriculum Vitae, detailing relevant experience and academic background.
- Contact information for professional references.

Applications should be sent to: dibiomecc@iisppv.cat
